PROFILE

A committed and graduated from BSc Construction Management . I'm a person who like to learn and study many things. Therefore i graduated with a sound understanding of many knowledge of management and planning skills to deliver assignments within set timeframes and to a high quality standard. Had 2 years of working experience as qc in constructor field.

Recently, I learn a new thing that i'm passionate with which is a coding program. And now i'm graduated from Purwadhika Coding school one of the best school to learn code and progrmming. Now i'm trying to pursue my passion to become professional full stack developer. Although i'm still only have a little experience right now, but i'm committed to explore and learn more.

WORKING EXPERIENCE

2016-2018   **QC**   **PT MULTIBRATA ANUGERAH UTAMA**

I had 3 project during working with PT MAU.

1. Warehouse & Factory PT Bintang Indokarya Gemilang – Brebes
    - ➢ Create weekly and monthly progress report
    - ➢ Checking the delivery of material that have come

2. Production Office PT Fanuc – Cikarang
    - ➢ Create monthly report
    - ➢ Monitor progress development of the building
    - ➢ Oversee operations on a day-to-day basis
    - ➢ Making sure that the building quality as good as our standard

3. Warehouse & Factory PT TOA – Tangerang
    - ➢ Create monthly report
    - ➢ Monitor progress development of the building
    - ➢ Oversee operations on a day-to-day basis
    - ➢ Making sure that the building quality as good as our standard

2014 | **Intern**   **AXISJAYA CONSTRUCTION SDN BHD**

My first working experience. What am i doing here is mostly learning how to get the job done correctly. Making a progress report based on what happend on the field. Help my supervisor to find if there's something different with the drawing. And sometimes draw simple CAD drawing.
